bject was to liberate the slaves. Gen. Halleck, a Missouri, makes a proclamation prohibition fugitive slaves from entering his lines. Immediately Lovejoy, the intimate friend of the President, and the prince of Abolitionists in Congress, dent, and the prince of Abolitionists in Congress, sets on foot a movement to remove him—Lovejoy, who ran twenty-nine miles from Bull's Run without stopping to catch his breath. Gen. Mc-Clellan, too, because he is an old fashioned Dem crat, a Union man, he was to be superceded. And who do you think is to be his successor? Nathaniel P. Banks, who said, not more than three years ago, "let the Union slide." If the Administration should declare against the emancipation of the negro, every Republican press from Chicago to Boston would denounce it.

The Committee on Resolutions having come in. Mr. Davis concluded, saying

That there was a change going on in the pub-lic mind in regard to this war and its origin, and declaring that he looked only to the Democratic party to restore the Constitution and the Union. Mr Chapman, from Committee, reported the following

WHEREAS, The Democratic party having, from the date of its organization, been in favor of the naintenance of the Union and the preservation of the Constitution, and seeing in the present condi-tion of the country the deplorable effects of a departure from its time-honored and conservative les, and the triumph of sectionalism; and irmly believing that the Union and the Constituion in be preserved alone by the restoration of that party to power, we invite all true Union men throughout the land to unite with us in sustaining its organization and carrying out its principles: Therefore.

Resolved, 1. That we reaffirm and endorse the political principles that from time to time have been put forth by the National Conventions of the Democratic party.

2. That we are unalterably attached to the Constitution, by which the Union of these States was formed and established; and that a faithful observance of its principles can alone continue the existence of the Union, and the permanent happiness of the people.

3. That the present civil war has mainly re-sulted from the long continued, unwise, and fanatical agitation, in the North, of the question of domestic slavery, the consequent organization of a geographical party, guided by the sectional platforms adopted at Buffalo, Pittsburgh, Philalelphia, and Chicago, and the development thereby of sectional hate and jealousy, producing (as had long been foreseen and predicted by us) its counterpart in the South of secession, disunion, and armed resistance to the General Government, and terminating in a bloody strife between those who should have been forever bound together by fraternal bonds, thus bringing upon the whole country a calamity which we are now to meet as loval citizens, striving for the adoption of that mode of settlement best calculated to again restore union and harmony.

4. That in rejecting all propositions likely to result in a satisfactory adjustment of the matters in dispute between the North and the South, and especially those measures which would have secured the border slave States to the Umon, and a hearty co-operation on their part in all constitutional and legal measures to procure a return of the more Southern States to their allegiance, the Republican party assumed a fearful responsibility, and acted in total disregard of the best interests of the whole country.

5. That if the party in power had shown the same desire to settle, by amicable adjustment, our internal dissensions before hostilities had actually commenced, that the Administration has recently exhibited to avoid a war with our ancient enemy, Great Britain, we confidently believe that peace and harmony would now reign throughout all our borders.

6. That the maintenance of the Union upon the principles of the Federal Constitution should be the controlling object of all who profess loy-alty to the Government—and in our judgment this purpose can only be accomplished, by the ascendency of a Union party in the Southern States, which shall, by a counter revolution, displace those who control and direct the present rebellion. That no effort to create or sustain such a party can be successful which is not based upon a definite settlement of the questions at issue between the two sections; and we therefore demand that some such settlement be made by additional constitutional guaranty, either initiated by act of Congress or through the medium of a National 7. That the Republican party has fully demon-

strated its inability to conduct the Government through its present difficulties. 8. That we are utterly opposed to the twin heresies, Northern sectionalism and Southern secession, as inimical to the Constitution; and

that freemen, as they value the boon of civil liberty and the peace of the country, should frown indignantly upon them. 9. That in this national emergency the Demoeracy of Indiana, banishing all feeling of passion and resentment, will recollect only their duty to the whole country; that this war should not be

waged in the spirit of conquest or subjugation, nor for the purpose of overthrowing or interfering with the rights or institutions of the States, but to defend and maintain the supremacy of the Constitution, and to preserve the Union with all the dignity, equality and rights of the several States unimpaired; and that as soon as these obj'ects are accomplished the war ought to cease. 10. That we will sustain, with all our energies,

a war for the maintenance of the Constitution, and of the integrity of the Union under the Constitution; but we are opposed to a war for the emanci pation of the negroes, or the subjugation of the Southern States.

11. That the purposes avowed and advocated by the Northern disunionists, to liberate and arm the negro slaves, is unconstitutional, insulting to loyal citizens, a disgrace to the age, is calculated to retard the suppression of the rebellion and meets our unqualified condemnation.

12. That the total disregard of the writ of habeas corpus by the authorities over us, and the seizure and imprisonment of the citizens of loyal States where the judiciary is in full operation, without warrant of law and without assigning any cause or giving to the party arrested any opportunity of defense, are flagrant violations of the Constitution and most alarming acts of usurpation of power, which should receive the stern rebuke of every lover of his country and of every man who prizes the security and blessings of life, liberty and

13. That liberty of speech and of the press are guaranteed to the people by the Constitution, and none but a usurper would deprive them of these rights; they are inestimable to the citizen and formidable to tyrants only. And the attempts which have been made since our present unfortunate troubles, to muzzle the press and stifle free liscussion, are exercises of despotic power against which treedom revolts and which can not be tolerated without converting freemen into slaves.

14. That the seizure of Slidell and Mason, on board a neutral vessel, on the high seas, was either in accordance with international law, and so legal; or else in violation of such law, and so llegal. If the former, we lament that our nation has been humiliated by their surrender, under a threat; if the latter, it was the duty of the Administration at once to have disavowed the act of their officer, and instead of incarcerating the cap-tives in Fort Warren, to have immediately repaired the wrong by placing them, as far as practicable, in the same condition in which that offi-cer had found them. In either event, the action of the Administration was vacillating and cow-ardly, and degrading to the dignity of a great na-

15. That the action of the Republican party, as manifested in the partisan character of all ap pointments of the Administration to civil office; and, in holding party cancuses by the Republican members of Congress for the purpose of impressing upon the legislative action of that body the peculiar log mas of that party, have demonstrated that their professions of "sacrificing party platforms, and par-ty organizations, upon the altar of their country," are but so many hypocritical and false pretences by which they hope to dupe the unwary into their support; and we warn all loyal persons, as they love their country, not to be deceived thereby.

16. That the disclosures made by the investigating committee in Congress of the enormous frauds that have stalked into the army and navy departments, implicating the heads of those de partments in a connivance at, if not an actual participation in a system of corruption, and in which our brave soldiers have been detrained of which our brave soldiers have been delranded of their peoper supplies, and our Government threateved with bankruptcy, demands a thorough investigation into all our expenditures, both State and National, and that a speedy and marked example be made of all such "birds of prey," who, taking advantage of the necessities of our country, have fed and fattened upon public plunder.

17. That the meritorious conduct of the Indiana troops, in every battle field where victory has perched upon the national banner, has filled the people of this State with the highest gratitude to her gallant sons, and that we send our best wishes to officers and men, dispersed throughout the country, and the heartfelt greetings of every Democrat for their further brilliant achieve ments in the coming contests for the maintenance of the Constitution and the Union.

The railroad bridge is about completed. Nothng remains now but to move on until another obstruction is met. At the present rate of travel, instead of being at Bowling Green by the 8th of January, we will not arrive there before the 1st of May. I am not disposed to find fault with the leaders, but it does look as though there was a screw loose somewhere. They may be afraid of another Bull Run or Great Bethel. Such a catastrophe certainly need not be feared, if the reports brought in by meu who say they have been in the rebel's camp are half true.

blood, by which this fluid becomes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food. impure air, filth and filthy habits, the depressin vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed

BEWARE OF COUNTERFEITS! it seems to be the rod of Him who says: "I will visit the iniquities of the fathers upon their chil-

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many de structive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous, tion, and their health is undermined by it. To cleanse it from the system we must renovate the THROAT CONFECTIONS, blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine

AYER'S Compound Extract of Sarsaparilla, The most effectual remedy which the medical skill of our times can devise for this everywhere prevailing fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of the foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be ememployed for the cure of not only Scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, Erysipelas, Pimples, Pustules, Biotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mecurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for Scrofula is a degeneration of the

vital fluid, without which sound health is impos sible in contaminated constitutions. AYER'S Ague Cur

FOR THE SPEEDY CURE OR Intermittent Fever or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilitous Headache, and Billions Fevers, indeed for the whole class of diseases originating in Biliary derangement, caused by the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it cures the above co plaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the misasmatic poison of Fever and Ague from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in billious districts, where Fever and Ague prevails, everybody should have it and use it freely both for cure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents, is that it contains no Quinice or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by

t are left as healthy as if they had never had the Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of dis-orders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blind-ness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermitten type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection that will be excreted from the system, and can not accumulate in sufficient quantity to ripen int disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords. Prepared by DR. J. C. AYER & CO.,
